

Premium Build Features

Aluminum Dripedge
Added protection against rain, snow, and ice.

Metal Truss Plates
Provides superior strength than wooden gussets.

Enclosed Soffit & Frieze Board
Standard on many Alpine Structures, optional on others.

LP Smartside Siding
Premium siding engineered for lasting beauty and durability.

Strongback Nail
A unique Alpine feature, this nailer allows for straighter and stronger walls and siding.

LP Smartside Trim
Decay resistant, primed trim that is ready to face the outdoors.

Triple-Layer Door System

Layer #1
Our 2x3" door frame is built with premium grade lumber and fastened with a metal truss plate for superior strength.

Layer #2
LP Smartside Siding that resists warping and cracking, and defies termite damage.

Layer #3
LP Smartside Trim that is ready to face the outdoors.

Spring-loaded bolts. Included on the top and bottom of door.

Metal truss plates for superior strength.

6" Heavy-duty T-hinges with bushings.
Standard on Alpine & 2000 Series.

12" Decorative T-hinges with bushings.
Standard on Riverside, Homestead & Greenhouse.
